4	Social Studies *Health *Safety *Physical Education All WCCC Courses
5	*Career Education and Work All WCCC Courses Gifted Education
6	Arts and Humanities World Languages (Grades 9 - 12) *Family and Consumer Science All WCCC Courses

\* Careful consideration will be given to guidelines set forth in Chapter 4 Pennsylvania Academic Standards which state these courses need to be offered at each level (elementary, middle and high school) but not necessarily taught every year.

- A. The curriculum areas in K-12 will be revised according to the timetable beginning with the school year 1999-2000 (Year 1).
- B. Curriculum design and revision will include:
  - content
  - teaching strategies
  - learning activities
  - integration of technology
  - resources and assessments
  - test taking strategies and skills
  - integration of other disciplines
  - alignment with state and local standards
  - special education/inclusion component
  - remediation component
  - gifted education component
- C. Curriculum areas will be reviewed and/or rewritten every 6 years beginning as designated in the Curriculum Cycle.
- D. Review of curriculum implies review of instructional materials but does not necessarily imply the adoption of new materials.
- E. Curriculum review and monitoring will be done on a yearly basis.
