WARREN COUNTY SCHOOL DISTRICT
14 HOSPITAL DRIVE, BUILDING 11
NORTH WARREN, PA 16365

GENERAL BID REQUIREMENTS

1. PREPARATION OF BIDS

- A. All bids must be submitted on the accompanying set of forms.
- B. Put your company name on all sheets by some satisfactory means (stamp, label, etc.).
- C. All bids must indicate a firm name and the cover sheet signed by a responsible person.
- D. Time of delivery is part of the bid and must be adhered to unless qualified by the bidder.
- E. Specifications used are intended to be open and non-restrictive. Any reference to brand name or number shall not be construed as restricting to that manufacturer, but used as a minimum standard of quality. Bids on equal items will be considered, but must be clearly marked.
- F. When no reference or change is made on a proposal, it is understood that the specific item named on the proposal will be furnished.
- G. If bidding on other than the make, model or brand specified, all technical information, specifications, manufacturer's name and catalog number of the equal must be clearly stated on the bid proposal. Any deviation between brand offered and brand specified must be clearly indicated. A sample of the proposed alternate shall accompany the bid when requested. A descriptive catalog must accompany the bid.
- H. The total dollar amount of your bid must appear at the bottom of the front cover sheet.
- I. All prices are to hold firm for ninety days from due date of bid unless stated otherwise by the school district.
- J. In instances where the quantity of an item is decreased by the School District, the unit price must remain the same unless the bidder specifically specifies a quantity price break.
- K. The School District reserves the right to cancel back order items that are over ninety days old.
- L. In the event it becomes necessary to revise any part of this request for quotations, an addendum will be provided to all vendors who received the basic request for quotation.
- M. If you are willing to quote a lower price on condition that you get the entire order or the order for all the items upon which you have bid, please indicate so on your bid.

2. **SUBMITTAL OF BID**

All bids and quotations must have the following marked on the outside envelope:
"Sealed Bid" or "Quotation" along with the subject title and the due date and time.

3. **BID SECURITY** _____ **YES** _____ **X** _____ **NOT REQUIRED**

A certified check in the amount of 5% or a bid bond in the amount of 10% of your total bid payable to the Warren County School District is to be submitted with your proposal. Bid security will be forfeited by the successful bidder if he refuses to accept a contract when tendered. Any payment made to the School District because of default shall be considered liquidated damages for breach of contract.

4. **TAXES**

The School District is exempt from all State Sales and Federal Excise taxes.

5. **CHARGES AND EXTRAS**

All prices are to be firm set prices and are to be F.O.B. destination, including charges for delivery and placement.

6. **RECEIVING HOURS**

All shipments to the specified destination shall be made between the hours of 8:00 a.m. and 4:00 p.m., Monday through Friday, unless a school holiday.

7. **AWARD**

- A. The award of bid shall be made to the lowest responsible bidder complying with all requirements of the specifications and bidding materials. However, the specifications are designed to accommodate various brands and models: therefore, some features may vary slightly. The variance must not detract from the desired end use. The district has the final say in whether or not the variance(s) are important enough to disqualify the item being bid or to choose another product of higher pricing.
- B. Unless the bidder specifies otherwise in his bid, the District may accept any item or group of items of any bid whichever is to the best interest of the School District.
- C. **CONTRACT:** The request for bid, the bidder's response and a purchase order and its attachments when received by the successful bidder shall constitute (1) a binding contract on the terms set forth therein and (2) the entire contract, and is to be interpreted, construed and given effect in all respects according to the laws of the Commonwealth of Pennsylvania.
- D. Bidders agree that their bids are subject to acceptance within sixty 60 days after opening, unless otherwise stipulated in the bid.
- E. The School District may accept or reject any or all bids or parts of bids and may waive informalities, technicalities and irregularities. The judgment of the School District on such matter shall be final.

8. **COMPLIANCE WITH LAWS**

All property or services furnished must comply with all applicable Federal, State and local laws, codes and regulations.

9. **DEFAULT**

In the event any property or service furnished by the bidder under a contract or purchase order should for any reason not conform to the specifications contained herein and to the sample submitted by the bidder, the School District may reject such property or service. In such event, the Purchasing Agent or Director of Business Services shall instruct the bidder to remove any rejected property without expense to the School District and replace it with such property as conforms to the specifications and samples and/or provide additional or alternative services that conform to the specifications.

Should the bidder default in the performance of the foregoing paragraph, the School District may procure such property or services from other sources in any manner provided by law and shall have the absolute right to deduct from any monies due to the bidder or that may thereafter become due to the bidder, the difference between the contract price and the actual cost of the property or services to be replaced or substituted.

10. **SAMPLES**

Samples when required must be furnished free of expense and must be tagged with bidder's name and bid identifications. Samples not used or destroyed in testing will be returned to the bidder at his request and expense.

11. **RIGHTS AND REMEDIES**

The rights and remedies of the School District provided above shall not be exclusive and are in addition to any other rights and remedies provided by law or under contract.

12. **COMPLIANCE WITH BID REQUIREMENTS**

Any inability to comply with the conditions and specifications as outlined must be clearly stated in your bid.

13. **BIDDERS EVIDENCE OF RESPONSIBILITY**

Bidders may be required to furnish evidence in writing that they maintain permanent places of business and have adequate equipment, finances and personnel to furnish the items offered satisfactorily and expeditiously and extend proper warranties for items.

14. All unit prices are to be extended.

15. Sealed bids received at the office after the hour specified for the opening of bids will not be considered. The District will not be responsible for mail delays.
