

**Profile of Student Life Survey**  
**January 25, 2006**

- I. This survey has been administered twice in the District; in 1999 and 2003. Executive summaries of the results of past surveys are posted.
- II. Students participating in the survey remain anonymous, giving only their grade, age, and gender as identifiers.
- III. The survey is designed to take one-half hour to administer. It is not timed and individual students can have as much time as needed.
- IV. Parents can read the survey prior to administration to the students and can request that their student not take the survey.
- V. Survey results will be reported by attendance areas and will be summarized to the Board and will also be available to community members.
