To Warren County School District School Board:

As the Social Studies Department Head and a Teacher at Eisenhower High School I recognize the value of the excellent educational opportunities available to the students. We would like permission to enroll our daughter, Erin Logue, as a seventh grade student at Eisenhower High School even though we do not currently live in the Warren County School District. As a student in the Warren County School District she could take advantage of many educational opportunities that are not available to her in the school district that we currently reside in.

We accept responsibility for transportation and will provide transportation to and from school for her.

We have already talked to the Attendance Officer for the Allegheny-Clarion Valley School District and filled out the appropriate paperwork. She said that they have no problems with the transfer.

We are asking that since I am an employee of the Warren County School District (since 2001) that the School Board please waive the cost of tuition.

If you have any questions please feel free to contact us at our home phone, 724-659-0169.
