QUOTATION FOR SERVICE

Purpose of Document

The purpose of this Scope of Work ("SOW") is to outline the process, approach, completion criteria, and associated costs for the deliverable and annually recurring maintenance and support as requested by Warren County School District, ("Client"). This Statement of Work is subject to the terms and conditions of the current license agreement between PowerSchool Group LLC ("PowerSchool") and Client and any other associated policies and agreements pursuant to which PowerSchool has licensed the application to Client (collectively, the "Agreements").

This Statement of Work is a legally binding document. Client is responsible for reviewing in full before signature. Signature denotes agreement to all terms herein.

Scope of Service

- * PowerSchool will create a new temporary database, based upon the District Database, on a PowerSchool server.
- * Make Configuration settings within the PowerSchool system as required by the Configuration Data Gathering Documentation. Such configuration shall be performed on a PowerSchool server to implement templates and forms, template security and other configurable changes
- * Facilitate Configuration review sessions with Client's subject matter experts to gather feedback and determine that the configuration of the PowerSchool system is in accordance with the Configuration Data Gathering Documentation
- * The scope may include data flow to and from documents and profile.
- * Client understands that once the quoted hours are exhausted an additional SOW will be required to complete the outstanding work should the level of effort exceed the expected effort. Client understands that all time spent by developer and project manager are billable whether Client-facing or not.

PowerSchool will create and/or modify the following documents as per customer provided mockups (attached in Appendix).

1. Instructional Intervention Plan
2. Parent Notice Form
3. Referral Form
4. Student Attendance Improvement Plan
5. Student Attendance Improvement Conference Notice

**** NOTE **** Scope of work is prepared by estimating scope based on requirements and mockups provided by customer. If any unknown use cases, dataflow, profile setup, integration, reports or impact are identified, PowerSchool will assess and review with customer the additional scope required to complete the project successfully.

**** NOTE **** These documents will be marked as Custom and not receive State Model updates. These Model documents (if present) will be retired.

**** NOTE ** IF REVISIONS ARE NEEDED TO A FINALIZED DOCUMENT THAT WAS ORIGINALLY CREATED USING A MODEL DOCUMENT, BE SURE THE REVISION INCLUDES THE NEWER CUSTOMIZED DOCUMENT**

**** NOTE ** All customization projects are subject to annual M&S. If M&S is declined, customer must purchase consultation services.**

Deliverable Requirements

1. All configuration is quoted to be developed and installed on one instance of a PowerSchool database.
2. All setup not otherwise specifically noted in this SOW is to be completed by Client prior to development beginning.
3. Changes may effect draft and new documents/sections
4. Client is responsible to make necessary adjustments for system provisioning
5. This SOW does not include adjustments to existing standard reports
6. Any additional items that are out of scope will need to be processed via an amendment SOW, and will be priced on a T&M Basis.
7. Any conflict with third parties due to copyright is the sole responsibility of the Client to resolve prior to development beginning. PowerSchool assumes no responsibility for any conflict due to copyright. The development of these document is one-time effort. Any changes required on an ongoing basis is subject to additional cost.

Deliverable Example(s)

MDT Intervention Plan 6.13.22.doc
MDT Parent Notice Form 6.13.22.docx
MDT Referral Form 6.13.22.docx
Student Attendance Improvement Conference Notice.docx

Objectives

PowerSchool will customize the documents as per scope of service.

Completion Criteria

This SOW will be considered delivered and the Client will receive an email notification when the applicable condition is met:

- If consultative services are to be provided under this SOW, with no defined deliverable, then this activity will be considered complete when PowerSchool provides agreed upon consult/system analysis and provides recommended next steps. Once the quoted hours are exhausted, PowerSchool will have no further obligation to deliver services under this SOW.
- If a defined deliverable is to be provided under this SOW, then this activity will be considered complete when PowerSchool installs the final PowerSchool Deliverable, provides recommended next steps, and sends final deliverable sign off documentation.
- If a productization effort is to be provided under this SOW, then upon delivery, this product will be considered a part of core functionality and will be covered under the Client's existing Core Maintenance and Support agreement.

Client Responsibilities

- All business decisions, specific task assignments, general governance, and liability for work performed are the responsibility of Client's school personnel. PowerSchool is not authorized to take responsibility for business decisions, or to assign work to individuals except via the Client's project manager or their designees.
- The Client will create, oversee, and enforce a change control methodology including all test plans, cases, and scripts to ensure that proposed data, technical, and functional changes are evaluated in a test or support environment before they are deployed to a Production environment so as not to adversely affect any deliverables. All liability for changes made to the Production PowerSchool environment(s) approved by the Client in the test and development phase are assumed by the Client.
- The Client will provide access to test/development environment and/or production environment as needed or required to complete the deliverable. This includes, but is not limited to access to the PowerSchool application(s), database, local server file system and other resources as needed to complete the deliverable.
- The Client understands that diagnosing or otherwise troubleshooting access issues is outside of this Statement of Work and is billable on a time/materials basis.
- During the project, the Client will:
 - Identify Client project lead that will work with PowerSchool throughout the effort.
 - Attend Kick-off meeting and all subsequent meetings.
 - Provide access as needed to Client resources throughout the effort.
 - Provide timeline input and feedback throughout the effort.
 - Manage Client business process change throughout the effort.
 - Test any deliverables for the agreed upon functionality and notify the PowerSchool Project Manager/Technical Resource of any concerns.
 - Participate in any milestone deliveries.

PowerSchool Responsibilities

- PowerSchool will assign a Project Manager/Technical Resource to assist through the following phases:
 - Project Kick-off, Planning, and Management
 - Consult/system Analysis
 - Design of any Deliverable
 - Active Development and Configuration
 - Testing and Validation
 - Project Completion/Sign-Off
 - Participate in milestone deliveries and sign-off as needed

All services will be delivered remotely, unless specified above. During the project, PowerSchool will provide the following project management functions:

- **Kick-off Meeting:** Where applicable, the PowerSchool resource will conduct a Kick-off Meeting with the Client to establish responsibilities, milestones, and a basic Project Timeline. All effort shall be scheduled and milestones defined during the project kickoff or emailed to the Client in lieu of a Kick-off Meeting.

- **Establish development tasks:** The PowerSchool resource will establish the tasks necessary for development of the deliverable for use in PowerSchool.
- **Milestone deliveries:** The PowerSchool resource will establish the tasks necessary for development of the deliverable for use in PowerSchool.
- **Project Status Reporting:** The PowerSchool resource will establish the timeline for delivery of milestones during development.

The project management activity will be considered complete when a kickoff meeting is completed and a project timeline created.

Annually Recurring Maintenance and Support for Customizations

Your deliverable may come with a standard annual maintenance and support service ("M&S") that begins on delivery of the customization and is expected to be renewed annually via a signed renewal quote. This service does not cover changes that are out of scope of this SOW nor does it include changes or enhancements to the deliverable provided. This service protects your investment from any issues that may arise involving the original code as delivered by PowerSchool and as agreed upon in this SOW. This service will continue to cover your deliverable on the current production release of the product that the deliverable was built on. If you upgrade to a new version and your deliverable becomes inoperable due to product changes/enhancements in the latest upgrade, a new quote to rework the code and bring the deliverable current with the latest software to ensure continued compatibility with the current product version will be required. This rework will not result in added maintenance and support costs and your service shall continue as renewed.
