E-Rate Web Hosting Agreement

Web Hosting Services

In consideration for the fees, terms and conditions set forth below, Edline d/b/a SchoolWorld (SPIN 143030117, FCCRN 0011861283) shall provide website hosting services to WARREN COUNTY SD (the "Customer") pursuant to this E-Rate Web Hosting Agreement and the Privacy Policy and Terms of Use posted at www.edline.net as well as the Terms and Conditions posted at www.edline.com/services/overview/tc, which are incorporated herein by reference (collectively, the "Contract"). Customer acknowledges that Customer is responsible for creating and providing all website content.

Term of Service

The initial term of service shall be one year starting July 1, 2012 with two voluntary one year extensions (each one year period shall be consider a "Term"). The parties agree that unless either party provides written (letter, facsimile, email) notice of its intent not to extend the Contract for an additional year within 30 days of the end of the then applicable Term to the authorized representative signatory below, the Contract will be extended for an additional Term, provided that this Contract may not be extended beyond three years from the Service Start Date. For purposes of this Contract, and Customer's Form 471 to be submitted to USAC, the Service Start Date will be July 1, 2012, the Service End Date will be June 30, 2013, and the Contract Expiration Date will be June 30, 2015.

Cost of Service

The SchoolWorld Web Hosting Service is 75% eligible for E-Rate funding, before calculation of the non-discounted portion. For the Assumed Enrollment (defined below), the annual cost of the eligible services that were requested by Customer [on its Form 470 or its RFP] is **\$5,997.60**.

Service Limitations

Pricing for Customer is based on approximately 18,131 students in 15 school(s) listed on Exhibit A (the "Assumed Enrollment"). Prior to any voluntary extension Term, pricing may be adjusted on a pro-rata basis to the extent Customer's actual enrollment at the time of the extension varies from the Assumed Enrollment. Customer may only add service to an additional school under this Contract if Customer pays Edline separately, outside of E-Rate, for service to the school. Alternatively, if Customer indicated the possibility of an additional school in its Form 470, then service to that school and a commensurate increase in pricing can be included during a voluntary extension Term. If the additional school was not included in the Form 470, then Customer must file a new Form 470 for that school in order to allow for service to the new school under the E-Rate program.

SLD Approval

The parties agree that if Customer's Description of Services Requested and Certification Form (Form 470) was posted by the initial 2012-2013 Form 470 filing deadline, Customer will pay the ineligible and non-discounted portions of this Contract should the Schools and Libraries Division (SLD) of the Universal Service Administrative Company (USAC) deny funding for the web hosting solutions provided pursuant to this Contract. Should funding be denied, Customer agrees to exhaust all of its administrative remedies through the appeals process, otherwise Customer shall be responsible for the entire Cost of Service.

The parties agree that if Customer's Description of Services Requested and Certification Form (Form 470) was not posted by the initial 2012-2013 Form 470 filing deadline, that Customer will pay the entire Cost of Service should the Schools and Libraries Division (SLD) of the Universal Service Administrative Company (USAC) deny funding for the web hosting solutions provided pursuant to this Contract.

Terms and Conditions

Edline agrees to provide Customer with web hosting services pursuant to the terms and conditions contained in this Contract.

Service shall begin on the Service Start Date.

Customer waives its rights to pursue indirect or consequential damages in any claim arising out of the provision of services or other solutions by Edline to Customer.
