### WARREN COUNTY SCHOOL DISTRICT

## USDA Extends Free Meal Program

The USDA announced extended meal flexibilities, enabling students access to free, nutritious meals through June 2022. Our continued commitment to you, your students and staff is very important to us. Our team is dedicated to providing quality food and service, and we know this is possible through your support and commitment. Thank you for allowing us to be part of your community and daily operations, we look forward to serving you!

## Teacher Appreciation Week

**MAY 3 – MAY 7, 2021**

As your school's food service provider, we believe it is our responsibility to provide nutritious meals and partner with you to educate students on the importance of making healthy decisions. Principals and teachers play a key role in every student's growth and development. Without you, we could not effectively do our job.

We appreciate the positive impact that principals and teachers have on their students. We are honored to be part of an environment that strives to provide the best service possible to the students. Thanks for the wonderful job you do and allowing us to be part of your team.

## FRESH, NUTRITIOUS, & INNOVATIVE

In honor of the Graduates last day of classes, the Food Service Staff provided free cupcakes at each high school to all who received a lunch. Congratulations to all. Best of Luck.

Hurray !!! Nothing screams that we are getting back to normal more than having back our School Picnics !!! While they were modified to maintain the current guidelines, it is GREAT to picnic together again.
