	YEMS Gymnasium	Good

- 1

The storage shed for football and track equipment is in poor condition. The building should be repaired or replaced. The gym bleachers are in poor condition. The pads behind the baskets need replaced. This is a safety concern.

- 2

A fence is requested around the football field and track. The track is not conducive to competition. The softball backstop needs to be replaced and poses a safety concern. The new scoreboard has arrived and will be installed on Tuesday, July 28.

- 3

The gym bleachers do not come out all the way and need to be repaired. A work order is in process. The booster group bought the backstop are also installing new dugouts. Several building projects are in place for the football stadium, including building a new concession stand and a storage/team shed.

- 4

The gym needs new lights and replacing the pads under the baskets is in progress. The balcony bleachers need replaced.

- 5

The new scoreboard is ready and will be installed on Tuesday, July 28.
