RE: Warren County High School

On behalf of our client, Warren County School District we are requesting an extension of time for the completion of the storm water management work at the High School. Per the School District's Commitment letter dated August 16, 2004, it was agreed that all work would be completed by the end of summer 2005. Due to construction and design constraints, this work will not be completed until the end of the year 2005.

Thank you for your cooperation,

Matt Horschler
