Re: Home Street School property proposal

Dear Mr. Nelles:

The Warren County Planning Commission read with great interest the article in the Times Observer on June 2, 2006 in regard to the Redevelopment Authority's proposal to the Warren County School District to take ownership of the Home Street School property.

The Warren County Planning Commission discussed your proposal at our recent meeting and wish to inform you that we unanimously concur with and support your proposal to the School District to take ownership of the property and to divide the property into residential lots for building.

Sincerely,

A handwritten signature in cursive script, reading "Gretchen J. Laubach".

Gretchen Laubach, Chairman
Warren County Planning Commission
