Norbert J. Kennerknecht, Ph. D.
Director of Building and Grounds Services
Warren Co. School District
Central Administrative Offices
185 Hospital Dr
Warren, PA 16365-4885

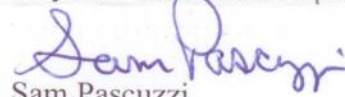

Dear Mr. Kennerknecht:

The City of Warren Fire Department would like to request use of the fire hydrants at Warren Area High School on 10/17/10 to test 3,500 ft of 5" hose. The hose would be laid down the back hill. The test will take approximately 5-10 minutes, excluding pick up time.

As you may recall, our Department utilized this area and hydrants for our test the last three (3) years and very much appreciated your assistance. Thank-you.

Sincerely,

City of Warren Fire Department

Sam Pascuzzi
Fire Chief

CC: James C. Nelles, City Manager
