Mr. John Shea, Chairman
Athletic Committee
Warren County School District
105 North Carver Street
Warren, PA 16365

Dear Toby,

The Athletic Coordinators of the District are proposing to the committee a fee adjustment in our adult ticket prices for the 2005-2006 school year. We believe with the rising cost to our programs this would be one way to help offset some of the increasing costs facing us down the line. We believe a \$.50 increase across the board only on adult tickets would generate approximately \$6,381. These numbers are based on adult tickets sold this past school year.

Enclosed is a list of adult tickets sold for all county high schools during the past school year. Mr. Grant requested this for you and the committee members. We are also open to any suggestions on how to generate more revenue for our schools.

Thanks for your consideration.

Sincerely,

Tony Fera	Youngsville
Rick Gignac	Beaty
Tom Santo	Eisenhower
Jack Werner	Sheffield
