RE: **Lakewood YMCA Facility Agreement**

DATE: March 1, 2006

Gentlemen:

I was slightly misinformed in regard to the WAHS boys' tennis team and their use of the Lakewood YMCA facility, or perhaps I misunderstood. They have requested to hold matches there this spring, however only their independent matches. They will continue host their league matches at the Betts Park courts. They would like to hold a few early season practices on the indoor courts at the Lake YMCA as well.

Transportation will still be arranged through the coach and parents and there will still be no additional cost to the WCSD. Please feel free to contact me with any questions or concerns.

Thank you
