

WARREN COUNTY SCHOOL DISTRICT	SECTION 9000
--------------------------------------	---------------------

9700 ACADEMIC ACHIEVEMENT9745 Class Rank/Honors Credits - ~~1999~~ **2007 SY 2007/2008** and Beyond

The Board acknowledges the usefulness of a system of computing grade point averages and class ranking for secondary school graduates to inform students, parents and others of their relative academic placement among their peers under relatively similar circumstances.

Students will be eligible for ~~Valedictorian, Salutatorian, Historian, and Honor~~ **scholastic designations recognition** if they have been enrolled as a full-time student in the District for their entire senior year. **A full-time student is defined as a student who earns a minimum of six (6) credits during his/her senior year. Students who were full-time students in the District their junior year and fulfilled their graduation requirements by earning fewer than six (6) credits their senior year will be eligible for scholastic recognition at the end of their senior year.**

The grades from all subjects are to be used in the determination of class standing. The following procedure is employed:

1. Grades from all four marking periods and the final examination grade are averaged to determine the final grade. The weight of the final examination will be ~~10%~~ **20%** of the final grade. **All classes in grades 9-12 shall have a final exam.** A student can earn a grade of 0% to 100% on the final examination. A tentative ranking and a final grade average is determined for the combination of the freshman, sophomore, and junior years. These are recorded on the permanent records. As requests for transcripts come in, this tentative ranking and grade averages are listed on the transcripts.

For students in the ~~1995-96~~ 2003/2004 Freshman class, and each class thereafter, grades received in the following required courses shall not be counted towards a student's GPA.

GRADE 9

- Physical Education .25 credits
- ~~Periodical Indexes~~ .033 credits
- ~~Library Media Resources~~ .033 credits
- ~~Senior High Career Awareness~~ .067 credits

GRADE 10

- Physical Education .25 credits
- ~~On-Line Information Resources~~ .033 credits
- ~~Electronic Strategies~~ .033 credits

Page 2 9745 Class Rank

Grade GRADE 11

- **Physical Education** **.25 credits**

GRADE 12

- **Physical Education** **.25 credits**

2. When students attain senior year status, a final ranking is established by determining the final average at the close of the fourth marking period. The final average will determine the Valedictorian, Salutatorian, and Historian, and honor ~~Highest Honor, High Honor, and Honor~~ **summa cum laude, magna cum laude, and cum laude student recognition**. The following categories will be established for honor students.

Highest Honor summa cum laude	Final Average \geq 96 98%
High Honor magna cum laude	Final Average with the following range: \geq 88 90 93% and $<$ 96 98%
Honor cum laude	Final Average within the following range: \geq 84 86% and $<$ 88 90 93%

All Students who achieve Highest Honor summa cum laude designation will be invited to speak at graduation. Students enrolled in honors or AP classes will have a "weight" added to their final class average as the last a step of calculating their final academic standing **class average for that subject**. The following schedule will be used in completing the calculations of the final class average:

Percentage Range	Rating	Additional Weight for Honors (%)	Additional Weight for AP (%)
93-100	Superior	.67 2%	\pm 4%
84-92	Above Average	.67 2%	\pm 4%
70-83	Average	.67 2%	\pm 4%
60-69	Below Average	0	0
40-59	Failing	0	0

~~* If the AP exam is taken otherwise it remains .67%~~

AP students MUST take the AP Exam to be eligible.

3. The final rankings are determined after the final grades have been recorded; ~~the final class ranking is determined by averaging the grade averages for the freshman, sophomore, junior and senior years and are recorded as such.~~ **The final ranking is determined by multiplying credits attempted times grades earned, divided by credits attempted.**

All curricular areas, whether they are special education, vocational, ~~or~~ academic, **or cyber** are used to determine the grade average, which are then in turn used to determine the final class ranking at the end of the senior year.

Students who attend ~~Warren Area High School or other~~ **any** District secondary schools for the purpose of enrolling in advanced placement ~~and/or honors~~ classes will be awarded the weighted credit for the AP and/or ~~honor~~ **course(s)** in their home school.

Students who attend other educational institutions or complete correspondence courses **outside the District** during their tenure in the District may not use their grades from those institutions to determine their class rank. Only grades earned in the District will be used. **The only exception to this is for students enrolled in the District's dual enrollment program. These students will have their college credit and grades recorded on their high school transcript and the credits and grades will be used to determine their GPA.**
