John:

In the Times Observer for Saturday, February 24, 2007, Section D, Page 1 Weekender Community there was a full page article on the Warren County Career Center. I have attached the PDF file of this page.

I request permission to put the attached PDF file (containing only this story) on the Warren County School District's website and BoardDocs. Please note these are public sites viewable by anyone.

Thank you for your consideration,

Jeff
