Dear Dr. Norbert Kennerknecht,

The Russell Elementary School PTA is requesting approval to install a sign with message board in front of the school. We recently spoke with your office and are pleased that the district will run electricity to the site.

The cost of the project is under \$3000.00 and will be payed for by a generous donor. It will be located between the road and the parking lot. An estimate and physical rendering of the sign is attached. The work will be completed by Mike Ranft of Sturdevant Signs this school year, pending board approval.

Sincerely,

Susan Loutzenhiser
