

WCCC

Five WCCC students competed at the 57th annual DECA State Career and Development Conference in Hershey, Pennsylvania. Participants were TJ Gustafson competing in Materials Handling/Logistics, Brooke Wagner in Retail Merchandising, Erika Phillips in Marketing Management, Kasey Barrett in Public Speaking and Melanie Park was a voting Delegate and Chapter Representative.

Students returned home on March 29th and all had earned a medal. WCCC congratulates these students.

The Warren County Career Center and WAHS Technology Department worked together to accommodate the adult Girl Scout group Trefoil Connection. The Girl Scouts wanted to recognize major contributors to their “Keep the Fire Burning” campaign.

Mr. Passmore’s Pre-Engineering Department designed the layout, Mr. Waterman’s Building and Construction shop purchased and prepped the lumber and Mr. Perlstein from WAHS Technology Education Department used the laser cutter to cut the imprint. This was a very successful collaboration. Thank you to our teachers that work as a team.
