<b>TOTAL COST OF IMPLEMENTATION</b>	<b>\$ 28,000.00</b>
-------------------------------------	---------------------

The customer is responsible for providing NovaNET compatible computers and network infrastructure. For Internet service delivery, this includes adequate Internet bandwidth to support NovaNET service delivery (typically 56Kb bandwidth for each 10 simultaneous users). For dedicated service delivery, this includes extending the NovaNET data line from the demarc (telephone closet) to the location where the NovaNET equipment will be installed. This extension requires category 5 cabling. Refer to the NovaNET Hardware Specifications for additional technical information and requirements.

All pricing in this quotation is exclusive of any applicable sales, use or other similar taxes or duties. The customer is responsible for any such taxes or duties.
