

Executive Summary:

Dual Enrollment Agreements for 2010 - 2011

Summary:

These documents were prepared and reviewed by Mr. Byham to support the planned programming for the Dual Enrollment programs for 2010-2011. The updated agreement with Saint Bonaventure has not yet been received, so we would like permission to add it under Other on the Board agenda for May 10, 2010.

Financial Implications:

The monies required for the Formal Resolution were committed at the last Board of Directors meeting. No monies are required to support the other documents.

Recommendations:

That the Board of Directors of the WCSD approves the Clarion Dual Enrollment Agreement as presented for the 2010-2011 school year.

That the Board of Directors of the WCSD approves the Formal Resolution for Dual Enrollment Programming.

That the Board of Directors of the WCSD approves the Repayment Agreement to be executed between the District and the party or parties who will be financially responsible for students enrolled in Dual Enrollment programs.
