

**WARREN COUNTY SCHOOL DISTRICT
WARREN COUNTY, PENNSYLVANIA**

RESOLUTION NO. _____

**RESOLUTION OF THE BOARD OF SCHOOL DIRECTORS
OF THE WARREN COUNTY SCHOOL DISTRICT
OUTLINING THE DISTRICT'S FINANCIAL CONTRIBUTION FOR DISTRICT
STUDENTS PARTICIPATING IN THE DISTRICT'S DUAL ENROLLMENT
PROGRAMS**

WHEREAS, The Warren County School District currently has, or will have in the future, dual enrollment agreements with various universities that meet all of the requirements of 24 P.S. 16-1611-B *et. seq.* and the eligibility requirements for grant funding; and

WHEREAS, For the purpose of ensuring that students participating in said dual enrollment programs receive similar financial contributions from the District, the Board desires to outline the financial contributions and the procedures for the financial contributions that will be made by the District for its dual enrollment programs that meet all of the requirements of 24 P.S. 16-1611-B *et. seq.* and the eligibility requirements for grant funding.

NOW, THEREFORE, BE IT RESOLVED, by the Board of School Directors of the Warren County School District, that the following financial contributions and procedures shall apply, but only to those dual enrollment programs that meet all of the requirements of 24 P.S. 16-1611-B *et. seq.* and the eligibility requirements for grant funding:

- (1) So long as grant funds are available or the Board of School Directors has allocated funds to its dual enrollment programs for the relevant budget year, for each dual enrollment program the District shall make a financial contribution, in an amount to be determined by the Board of School Directors, for any District student who voluntarily chooses to enroll in a dual enrollment program.
- (2) The District's contribution shall be made with grant funds if grant funds are available. In the event that grant funds are not available to the District, the District's contribution shall be made with non-grant funds, but only if the Board of School Directors has allocated funds to its dual enrollment programs for the relevant budget year. In the event that no grant funds are available and the Board of School Directors has not allocated funds to its dual enrollment programs for the relevant budget year, no financial contribution of any kind will be made by the District and the students and/or parents/guardians shall be financially responsible for the payment of all costs associated with a student's participation in a dual enrollment program.
- (3) The District, as part of an agreement with each university through which a dual enrollment program is offered, shall determine whether the District's Contribution (if applicable) will be paid to the parents of the student or the student (dependent upon the circumstances) or directly to the university.
- (4) If a student chooses to enroll in a dual enrollment program and the District

determines that the District's contribution(if applicable) shall be paid to the parents of the student or the student (dependent upon the circumstances) for the program, the following procedure shall be implemented:

- a) The student/parents shall inform the District of the program in which the student has elected to enroll, the course(s) being taken, and the cost of the course(s).
 - b) After verifying the information provided, the District's contribution will then be paid directly to the parents of the student or the student (dependent upon the circumstances), and the parents of the student or the student will then be responsible for paying all compensation owed to the university prior to the start of the course(s).
 - c) The District's administration shall establish deadlines, and inform the students and parents of said deadlines, for the purpose of ensuring that the District's contribution will be received by the student/parents prior to any payments being due to the relevant university.
 - d) Under no circumstances will any District funds be sent directly from the District to the university offering the program.
 - e) Prior to receiving any financial contribution from the District, the students/parents shall be required, through the proper execution of a Repayment Agreement, to acknowledge their obligation to repay the financial contribution to the District in the event that a complete or partial tuition reimbursement is made by a university or a student does not make the relevant tuition payment to a university for any reason.
- (5) The District's administration shall take measures to ensure that students, parents, and the universities are made aware of the nature of the District's financial contributions and the procedures for said financial contributions as contained herein.

For any agreement prepared in accordance with 24 P.S. §15-1525, that allows for the awarding of both high school and college credit but that does not meet all of the requirements of 24 P.S. 16-1611-B *et. seq.* and the eligibility requirements for grant funding, no financial contribution of any kind will be made by the District and the students and/or parents/guardians shall be financially responsible for the payments of all costs associated with any courses taken pursuant to said agreement.

All Resolutions or parts of Resolutions of the District which are not in accord with this Resolution, including but not limited to Resolution No.09-08-01, are hereby repealed insofar as they affect this Resolution.

Adopted as a Resolution of the Warren County School District this ____ day of _____, 2011.
