

# Superintendent's Report

## May 14, 2012

1. The Education specification process for the K-12 campuses has begun. The conversations were successful and we are looking forward to finishing the project so we can move into the design and construction phase.
2. Graduation is right around the corner. Building principals will be sending you a letter to notify you of the details for the graduation you will be attending.
3. We are continuing to meet with the WCEA to discuss salary freeze and benefit options.
4. We are moving forward in creating a district wide in house Alternative Education program.
5. Beaty Warren Construction process is moving forward. We will need to do the construction in two phases which will require us to possibly keep the 6<sup>th</sup> grade students at WAEC for the 2012-2013 school year.
6. See attached Administrative cuts and reassignments.
