

## Executive Summary

Topic: EMHS Phone System Replacement

Meeting Date: January 14, 2013

## Summary

OpenArc has provided the district with a quote for an IP standards based phone system replacement for EMHS. This system fully replaces what currently exists, and adds several features such as bridged conference calling, automated attendants, on demand voice mail, and web based management. Phones will be installed in each office and common area. The phone system will also enhance the classroom intercom system. This quote covers all equipment, installation and configuration as well as a one year maintenance agreement.

The hardware quoted from OpenArc has come in lower than COSTARS state contract prices.

## Recommended Motion

That the Board of School Directors approves the quote from OpenArc for \$49,808.85 to cover hardware, installation, configuration and maintenance on a phone system replacement for Eisenhower Middle High School.
