

School Climate Survey available!

Are you looking for a meaningful way to bring your **staff, students, and parents** into a collaborative school improvement process?

Breaking Ranks® Comprehensive Assessment of School Environment™ (CASE) will give your stakeholders a valuable voice in school improvement conversations and at **reasonable cost** provide your school leadership team with data on:

- Stakeholder satisfaction with the status quo
- Perceived strengths and weaknesses of the school
- Areas for future improvement

Breaking Ranks® CASE is designed to:

- Collect data about student, teacher, and parent satisfaction with a school's environment and culture;
- Identify school strengths and areas for improvement;
- Assist in designing a school improvement plan using the *Breaking Ranks®* process circle, and to support planning including budget decisions.

All survey items are focused around the three core areas of *Breaking Ranks®*:

- **Collaborative Leadership**
- **Personalization**
- **Curriculum, Instruction, and Assessment**
