

Executive Summary

Topic: SchoolDude Work Order System Renewal

Meeting Date: November 16, 2015

Summary:

SchoolDude has been used by the Buildings & Grounds as well as Technology Departments as the District's work order system. The quote covers usage for 12 months and changes to the software will allow expand the District's capabilities tracking work order completion, history and hours spent on each task. The updates also allow implementation of mobile devices to be used for work order management by support personnel.

Funding is budgeted through the Technology Maintenance Account.

Recommended Motion

That the Board of School Directors approve the invoice from SchoolDude for renewal of the current platform used for the District work order systems for the term of 12 months at \$5,674.40.
