ePlus works with our customers to follow either a BEAR or discount billing process for their E-rate eligible purchases. All E-rate approvals for the specific items being purchased through the program must be in place before we will process an order leveraging discount billing (SPI). For the BEAR process, process an order to ePlus under standard net terms for the entire amount and file a BEAR upon potential future approval by E-rate. If making a purchase prior to E-rate approval (via purchase order using standard net terms), that purchase is not returnable or cancellable in the event E-rate funding is not awarded. This proposal is valid for E-rate Funding Year 2020 with contract term dates of 04/01/2020 - 09/30/2021. In order for customers to leverage E-rate-based pricing from most manufacturers, the customer must select ePlus (SPIN 143006553) on their E-rate Form 471, prior to the processing of an order.

## Notes:

At the request of many E-rate eligible entities, ePlus has been entering the eligibility percentages for requested products. This is purely an effort to assist schools and libraries in completing a portion of the required paperwork relating to the products and prices being proposed by ePlus in response to an RFP proposal. Product and maintenance eligibility information must be reviewed and confirmed by the school for not only accuracy and completeness, but also with regard to the actual products, prices, and total quantities for which it would like to submit for E-rate funding. Eligibility stated is based on product functionality, as indicated in the Funding Year 2020 Eligible Services List. Additional guidance from USAC about the E-rate eligible services is available at USAC's website at [usac.org/sl/](http://usac.org/sl/). Final determination of eligibility is provided by USAC during the application process. ePlus makes no guarantees or representations as to the completeness or accuracies of the information provided or regarding E-rate eligibility of any product or service.

Thank you for your inquiry. Recent US govt tariffs assessed to Chinese imports are causing price increases for many IT products, with little or no notice, and beyond ePlus' control. As a result, this quote is subject to change without notice, even before the expiration date reflected above. Please confirm pricing prior to order placement. Unless freight amount is indicated, or is zero, freight will be added to the invoice. Unless Bill-To company is exempt from Sales Tax, it will be added to the invoice. Extended Warranties and Professional Services are available.
