Glade Township  
Warren County

Dear Mr. Kennerknecht:

The Warren County Conservation District (WCCD) received a Notice of Termination form for the above referenced project as required in accordance with 25 Pa. Code § 102.7. A final site inspection was conducted of the project site on January 5, 2022 and a copy of the Earth Disturbance Inspection Report form is attached to this letter. The site inspection found that the earth disturbance activities authorized by the permit have been concluded; the site has been stabilized in accordance with the requirements of 25 Pa. Code § 102.22(a)(2) (related to permanent stabilization); post construction stormwater management (PCSM) best management practices (BMPs) have been installed or the site restoration or reclamation is complete; and temporary erosion and sediment control BMPs have been removed.

Your permit for stormwater discharges associated with construction activities is hereby terminated effective the date of this letter. Please note that the responsible person(s) identified in Appendix C of the Notice of Termination is now responsible for the long-term operation and maintenance of the PCSM BMPs installed as part of the approved permit.
