COURSE DESCRIPTION

Course Title: United States History II CP

Course Number: 00127

Course Prerequisites: United States History I

Course Description: United States History II CP covers the period of American history from the era of industrialization starting in the late 1800s through the United States entering the 21st century. Major themes of the course include the United States emerging as a world power and the American government adapting to meet the challenges of the 20th century and evolving into the 21st century. The course will include an overview of the social, political, economic, cultural, technological, and historical developments. Upon completion of the course, students will be able to demonstrate knowledge and understanding of the people and the forces that have shaped the modern United States. College Preparatory (CP) US History II differs from US History II in that greater emphasis is placed on the skills required for success at the college level. Thus, CP students will do more supplemental readings (especially primary source documents) as well as more writing assignments and research. **It is recommended that students take this course only if they attained either a final average of 75 percent or higher in US History I CP or at least 80 percent in US History I.**
