

Professional Development

Things change, and people do too.

At Gaggle, we are always working to ensure that our emergency contacts are able to respond to alerts in a timely manner. The Professional Development Refresh is designed for our continuing partners with the purpose of updating emergency contacts on Gaggle's **safety-critical** mission, roles and expectations in the partnership, and new services and features.

Incident Updates

Learn about updates in incident types, rubric, and process.

District Safety Insights

Evaluate your specific district data to discover student safety trends through Gaggle Safety Management.

Incident Workflow

Documenting efforts to proactively support children is essential to their social-emotional and mental well-being. Incident Workflow is a Gaggle-provided portal for logging activity on your student safety incidents.

Licensed Mental Health Professional

Hear tips from a mental health professional about best practices for responding to students in crisis.

What People Are Saying

"This session was very informative and a great tool to help keep students safe. I look forward to the implementation of this within our district."

School District Psychologist

"It was one of the best uses of my time in training."
