

Vision Screening Tool for School Age Testing

Company	Item	Cost per items	Number Needed	Total Cost	Additional Notes
School Health Corp.	TITMUS v3 with General Testing Model	\$ 4,189.99	7	\$ 29,329.93	it is the only model with the electronic pointing system that would benefit in screening our younger students and some of our other populations (students with medical, learning, or mental health disabilities). It also has the control panel and includes a carrying case (not purchased separately, thus eliminates additional expenses to purchase carrying cases).
Henan Medical	TITMUS v4 with General Testing Model	\$ 4,048.00	7	\$ 28,336.00	Not an Approved Vendor as of 2.23.23
School Nurse Supply	TITMUS v4 with General Testing Model	\$ 4,175.00	7	\$ 29,225.00	
William MacGill	TITMUS v4 with General Testing Model	\$ 4,373.40	7	\$ 30,613.80
