- 1.5 Reading of the WCSD/PSBA Principles of Governance & Leadership - Mr. Cody Brown

Pennsylvania school boards are committed to providing every student the opportunity to grow and achieve. Our actions, as elected and appointed board members, ultimately have both short- and long-term impact in the classroom. Therefore, we pledge that we will...

Act Ethically

- *Never use the position for improper benefit to self or others*
- *Avoid actual or perceived conflicts of interest*
- *Recognize school directors do not possess any authority outside of the collective board*
- *Accept that when a board has made a decision, it is time to move forward collectively and constructively*

- 1.8 Public Comment

Barb Lutton	Youngsville	Ms. Barb Lutton emphasized the need for equitable education across the Warren County School District. She stated the goals set by the Warren County School District are not being met, particularly for communities like Youngsville and Sheffield. She pointed out differences in course offerings between schools, stating that larger student populations in Warren High School allow for a wider range of classes, while smaller schools like Eisenhower and Youngsville cannot provide the same opportunities due to lower enrollment numbers. Ms. Lutton also raised concerns about student scheduling, suggesting that decisions are being made based on
-------------	-------------	---

		<p>inaccurate enrollment projections, particularly as some students may transfer to PA Cyber. She criticized the district for a lack of transparency and engagement with community concerns, stating that many questions remain unanswered. Ms. Lutton questioned why there has been no discussion of reducing administrative positions despite a declining student population, arguing that the district remains "top-heavy" in its leadership structure. She urged the board to reconsider its decisions and be more open to addressing community feedback.</p>
Harold Dunkle	Pittsfield	<p>Mr. Harold Dunkle argued that the Warren County School District's plan to close Youngsville schools will fail to achieve its stated goals of saving money and providing equitable education. He claimed that the district will not see financial savings due to students transferring to PA Cyber or other districts, which will reduce revenue. Additionally, property values and taxes in Youngsville and Sheffield will likely decrease, further straining the district's finances. He also mentioned the closure will create greater educational inequities rather than improve them. Youngsville students will face transportation barriers that prevent them from fully participating in extracurricular activities. Early practice times and lack of transportation options may force students to leave early, potentially affecting their ability to compete in sports. Younger students (K-5) will also suffer from extended school days, which could be difficult for young children to handle. Mr. Dunkle noted that students will lose access to key athletic and training facilities, impacting both physical education and extracurricular development. He criticized the district for ignoring community concerns and warned that moving forward with the plan would only further harm the district.</p>

Wendy Doneyhue	Warren County	*Ms. Wendy Doneyhue donated her 3 minutes of time to Ms. Barb Lutton.

2. President's Statement

2.1 Reports & Information

1. IU5 - Mr. Paul Mangione

Mr. Mangione stated that if there are any questions regarding the IU5 budget to reach out to him for answers.

2. PSBA Liaison - Mrs. Mary Passinger

Mrs. Mary Passinger discussed the recent audit by the Auditor General on charter schools, highlighting issues with Pennsylvania's outdated funding formula, which has remained unchanged since 1997. She noted that charter school revenues have significantly increased, rising from \$473 million in 2019-2020 to \$898 million in 2022-2023.

The audit examined several major cyber charter schools, revealing that due to the current funding formula, these schools have excess funds and have been using them for staff bonuses, gift cards, vehicle payments, and fuel stipends. The Pennsylvania School Boards Association (PSBA) is working to reform the funding model for cyber charter schools,

aiming for a system that is more accurate, cost-reflective, and sustainable, particularly for special education programs.

3. Career Center Advisory - Mr. John Wortman and Mr. Daniel Sullivan

Mr. John Wortman highlighted recent events at the Warren County Career Center, including the annual mock interview event on February 27, organized by Mrs. Kathy Cummings. He also praised the junior all-county musical presentation and acknowledged the building construction program's contributions to the set design for the upcoming show.

3. Superintendent's Reports and Recommendations

3.1 General Comments - Mr. Gary Weber

Mr. Gary Weber announced that a detailed list of goals and action items related to the consolidation of high schools will be released later in the week to provide clarity on the district's plans. Additionally, he clarified after-school transportation arrangements, explaining that while a 5:00 PM bus run is required due to the 21st Century Program grant, the administration plans to reinstate a 6:00 PM run to accommodate student-athletes and extracurricular participants.

Mr. Weber elaborated on cyber charter school funding issues, aligning with previous remarks from Mrs. Mary Passinger. He highlighted Governor Shapiro's proposal to cap cyber charter tuition at \$8,000 per student, which could save Pennsylvania public schools an estimated \$278 million annually. He referenced an audit by the Auditor General, which revealed that cyber charter schools significantly increased their revenue and fund balances, with some schools seeing a jump from \$254 million in 2020 to \$619 million in 2023. He pointed out that much of this money is being directed toward lobbying efforts rather than educational improvements.

Mr. Weber shared findings from the audit, which exposed questionable financial practices by several cyber charter schools. These included excessive spending on employee bonuses, real estate acquisitions, and entertainment expenses, such as gift cards, hotel stays, and dining. He expressed frustration that state legislators have yet to determine an appropriate cap on cyber charter tuition rates, despite recognizing the need for reform. He emphasized his commitment to continuing advocacy efforts, including engaging with legislators and supporting PASA's initiative to draft a letter urging legislative action. He concluded by stating that he would attend the upcoming PASA Leadership Conference, where cyber charter funding will be a major discussion point, and he intends to return with more information before the next committee meeting.

Mr. John Wortman requested that the audit findings regarding cyber charter schools be published on the school district's website and Facebook page to raise public awareness and apply pressure on legislators. Mr. Weber agreed and stated that he would forward an email containing additional details, including a summary from Mrs. Spicer and a slide deck from the Auditor General's report. He also mentioned that some financial records had been redacted, leading to legal battles to obtain complete information.

Mr. Weber reminded everyone about PSBA's Spring Advocacy Day on May 13, which provides an opportunity to engage with legislators in Harrisburg. He also noted that PSBA would soon release its State of Education report and launch a cyber charter campaign that aligns with the Auditor General's findings.

Mr. Weber highlighted PSBA's "Cyber Charter Waste of the Week," which exposes excessive spending by cyber charter schools. Examples include \$680,000 on ads and sponsorships and over \$500,000 on search engine marketing, despite poor academic performance. He emphasized their focus on advertising and lobbying over education and promised to share performance scores with the audit findings.

8. Closing Activities

8.1 Public Comment

Barb Lutton	Youngsville	Mrs. Barb Lutton questioned where students should go between school dismissal and late practices, as there are no nearby community spaces. She also expressed worries about students missing breakfast, having inadequate time for meals, and potentially losing academic time due to transportation schedules. She urged the board to reconsider consolidation, advocating for transparency, community involvement, and support for affected coaches who lost their jobs despite recent athletic successes.
