What does the 2013-14 budget include?

Educational and Curricular Services

Alternative Education/Discipline Strategies

The 2013-14 budget maintains the current alternative education for disruptive youth (AEDY) program and appropriate expenditures.

School Building Budgets

The individual school budgets will remain the same for next year after a 15% - 25% reduction in each individual building for the 2012-2013 school year.

Career and Technology Programs

The 2013-14 budget supports the operation of the Warren County Career Center (WCCC), the district's Area Vocational-Technical School (AVTS). In 2013-14, the WCCC will offer fourteen programs (Accounting, Auto Collision, Auto Technology, Building and Construction, Business Education, Computer Specialist Technology, Electronics, Food Production, Machine Technology, Marketing, Power Equipment, Pre Engineering, Protective Services, Welding), serving approximately 370 students. This is an increase of 65 students from the 2012-13 school year.

Curriculum

The budget supports the yearly curriculum needs of the students, with an additional \$200,000 requested for new textbooks to replace aged textbooks and to align with curriculum changes that are taking place because of the move to the Common Core. This will be the third year in a row that new textbook adoption will not take place without additional funding.

Business Programs – Business programs in the individual school buildings are curtailed after the ninth grade required course is completed. Students wishing to take coursework in business need to plan to attend the Warren County Career Center.

World Languages – The District will be offering Spanish in all four high schools for students in grades 9-12. German will be offered at Warren Area High School and Youngsville High School with a teacher staffed between the two buildings. German II will be offered through distance learning technology at Eisenhower Middle High School. French will be offered at Warren Area High School and French II will be offered utilizing the distance learning technology at Youngsville High School and Eisenhower Middle High School.

Curriculum Mapping – The District will support the development of curriculum to adapt to the Common Core. Curriculum mapping will continue during the 2013-2014 school year with the development of common assessment. Professional development for the 2013-2014 school year will center on the

development of curriculum. The District has budgeted \$20,000 for curriculum development in the 2013-2014 school year.

Dual Enrollment

Students will continue to have the opportunity to enroll in undergraduate coursework from St. Bonaventure University to be conducted at the Pine Grove Campus. There are no general fund dollars allocated for tuition expenses. Students also have access to dual enrollment courses through Clarion University in an online format as has been the case in 2012-2013. This is also paid directly by the students and their families. Students at Sheffield Area Middle High School piloted dual enrollment courses through the University of Pittsburgh Bradford during the 2012-2013 school year. The District will be expanding this programming to all four high schools during the 2013-2014 school year. There is no cost to the district for this partnership opportunity.

ESL (English as a Second Language)

The District will continue to employ one full-time teacher to support students who have a language other than English as their native speaking language.

Full-Day Kindergarten

The District remains committed to the full day kindergarten program.

Grants

The proposed budget will continue to provide the administrative capacity to pursue, implement, and manage a variety of grant funding opportunities

Gifted Education

The Gifted Support Program will continue to meet the requirements under Chapter 16 for approximately 200 gifted support students. The staff will continue to provide instructional enrichment opportunities, complete student screenings, testing, conduct progress monitoring and write GIEPs. Administration will be reviewing the possible movement of the Learning Enrichment Center to be housed in an existing school building. This could result in a savings of approximately \$17,000 from the rental of the Stone building at the Warren State Hospital.

Homebound Instruction

This mandated program provides instruction in the home for students unable to attend in their school.

Homeless Services

The Federal Government mandates that the District provide a variety of support services (i.e., transportation, supplies, etc.) to students who are designated as homeless.

Online Education

The District support for online education will remain the same for the 2013-2014 school year. This funding supports the use of online education for credit recovery and course replacement in the District utilizing licensed programming. This also funds cyber programming through IU5 for District cyber students. This funding will be adapted this year to begin supporting enhanced online offerings backed by district teachers rather than the IU. We believe this will result in a cost savings during the 2013-2014.

Special Education

As required by law, the district will continue to provide a free and appropriate education to students with disabilities. Cuts that have been made to special education will help to streamline and consolidate programming currently offered by the District. Changes for the 2013-14 school year include program development for autistic support, emotional support and life skills programs. Special education funding is able to purchase iPads and amplification devices to support and enhance instructional services for special education students.

Technology

The 2013-14 budget will continue to support the Citrix and Gaggie environment in the district, which provides 24/7 access to files and applications for students and staff. Broadband Internet and network speeds will be maintained as well. The budget will support \$150,000 for needed replacement of computer equipment, maintenance and replacement of technology equipment and parts.

Supportive Services

Athletics

This budget maintains the funding for athletic programs at the same level as the 2012-2013 school year. Communities are already planning to help support the athletic teams at the schools in a manner similar to what has been done this past year.

Buildings and Grounds

The 2013-2014 school budget continues to provide for custodial, and continued planned maintenance, capital improvements, utilities, and grounds upkeep for each school plant in the Warren County School District. The overall budget for Buildings and Grounds remains flat funded for the 2013-2014 school year at \$480,000.

Call Blast

This budget does include the continued implementation of a call blast system. This system supports our buildings in their efforts to communicate with parents about school events, attendance and emergency situations.

Contingency Funding

The budget has a contingency fund in the amount of \$300,000 set up to cover the cost of any unresolved staff needs, fuel/transportation and board goals. This is a reduction of \$50,000 from the 2012-2013 school year.

Food Services

It is the intention of the District to provide a high quality food service program to students that operates in a similar fashion to the current program. The District is presently engaged in the process of selecting the provider for the coming year.

K-12 Co-curricular Offerings

Existing curricular and co-curricular offerings will be continued in the 2013-2014 school year.

Transportation

The District will continue to provide over one million miles of transportation for its students.
