Warren County School District

Final Budget 2015-2016

1. Introduction

The Warren County School District's (WCSD) Final Budget for the 2015-2016 school year is \$76,801,339. This is \$6,084,203 or 8.6% more than the 2014-2015 school year budget of \$70,717,136. The Final Budget includes purchases of Technology, Textbooks and Building Maintenance that have been deferred over a period of time. Committed Fund Balance will be used to offset these expenditures. Additionally, unassigned fund balance in the amount of \$3,551,100 will be used if Governor's Proposed Funding for the WCSD does not materialize. This budget restores some previously cut items and adds items that will enhance the educational opportunities for students in the district. The Final Budget is designed to serve an estimated enrollment of 4,366 students, which is a decrease of approximately 133 students or 2.96% from the 2014-2015 school year.

The Final Budget is presented in 7 sections.

What does the 2015 - 2016 budget include?

Alternative Education/Discipline Strategies

The 2015-2016 maintains the current alternative education for disruptive youth (AEDY) program and appropriate expenditures.

School Building Budgets

The individual school budgets will use the same allocation method for the 2015-2016 budget as was used in 2014-2015. This provides for \$50 and \$80 per student for Elementary and Secondary, respectively.

Career and Technology Programs

The 2015-2016 budget supports the operation of the Warren County Career Center (WCCC), the district's Area Vocational-Technical School (AVTS). In 2015-2016, the WCCC will offer fifteen programs (Accounting, Auto Collision, Auto Technology, Building and Construction, Business Education, Computer Specialist Technology, Electronics, Food Production, Health Care, Machine Technology, Marketing, Power Equipment, Pre Engineering, Protective Services, Welding), serving approximately 370 students. The student population at the WCCC has continued to show growth.

Curriculum

The budget supports the annual curriculum needs of the students, with \$285,000 for new textbooks to replace aged textbooks and to align with curriculum changes that are taking place because of the move to the PA Core Standards. The proposed seven year textbook plan will put the District back on a scheduled curriculum rewrite and textbook purchase schedule.

World Languages—The District will be offering Spanish in all four high schools for students in grades 9-12. French will be offered at Warren Area High School only.

Curriculum Writing - During the 2015-2016 school year several content areas will update planned instruction and align curriculum maps to the PA Core Standards. This will be on the same timeline as textbook purchases.

Curriculum Mapping – The District will continue to support the development of curriculum to adapt to the PA Core. It is expected that the majority of the curriculum will be mapped before the beginning of the 2015-2016 school year. Curriculum mapping will continue during the 2015-2016 school year. Professional development for the 2015-2016 school year will continue to incorporate time for curriculum review as well as lesson planning and instructional practice based on curriculum mapping. The District has budgeted \$20,000 for curriculum development in the 2015-2016 school year and has requested additional funding to support both curriculum writing and professional development.

Multi-Tiered Systems of Support (MTSS) – The District elementary staff received professional development on the initial implementation of the MTSS Model, formerly named Response to Instruction and Intervention (RTII) during the 2014-2015 school year. During the 2015-16 school year, initial implementation will formally begin.

Assessment - The 2015-2016 school year will be the third year of a three year purchase of benchmark assessments using Study Island. With the new assessments taking place this year based on PA Core Standards an analysis of benchmark testing will be taking place to determine purchase for future years. The district will continue to have a goal to implement common assessment throughout a number of content areas.

After School Programming – The 21st Century after school program would continue in all four attendance areas.

Dual Enrollment

Students will continue to have the opportunity to enroll in undergraduate coursework from St. Bonaventure University to be conducted at the Pine Grove Campus. There are no general fund dollars allocated for tuition expenses. Students also have access to dual enrollment courses through Clarion University in an online format. This is also paid directly by the students and their families. The District will also continue to offer dual enrollment through the University of Pittsburgh at Bradford dual enrollment program. This program is offered within District courses through accreditation of District teaching staff. There is no cost to the district for this partnership opportunity with over 200 students receiving dual enrollment credit during the 2014-2015 school year. The WCCC will continue to offer dual enrollment credit through both the Penn College NOW program and Jamestown Community College. The District also maintains dual enrollment agreements with Gannon University and Jamestown Community College at no cost to the district.

ESL (English as a Second Language)

The District will continue to employ one full-time teacher to support students who have a language other than English as their native speaking language.

Full-Day Kindergarten

The District remains committed to the full day kindergarten program.

Grants

The proposed budget will continue to provide the administrative capacity to pursue, implement, and manage a variety of grant funding opportunities.

Gifted Education

The Gifted Support Program will continue to meet the requirements under Chapter 16 for approximately 211 gifted support students. The staff will continue to provide instructional enrichment opportunities, complete student screenings, testing, conduct progress monitoring and write GIEPs. The district is continuing the Highly Gifted Pilot program for students meeting the requirements.

Homebound Instruction

This mandated program provides instruction in the home for students unable to attend in their school.

Homeless Services

The Federal Government mandates that the District provide a variety of support services (i.e., transportation, supplies, etc.) to students who are designated as homeless. The district continues to support an Attendance Officer who works closely with schools to identify these students and provide services as efficiently as possible.

Online Education

The District support for online education will remain the same for the 2015-2016 school year. During the 2014-2015 school year, the Warren County School District Virtual Academy serviced a total of 248 students county wide, ranging from 1st grade through 12th grade. Of the 248 students, 76 students enrolled in full time cyber, 12 students enrolled in a part time or blended program, and 160 students took enrichment courses. These 248 students have taken a total of 358 full year/credit courses and 341 half year/credit courses. The Warren County School District Virtual Academy is able to offer flexibility in student scheduling by allowing them to take a core course virtually, thus freeing up a period in school where they can take another course they are interested in such as band, an art class, a foreign language, or a class they cannot get because they wish to attend the Warren County Career Center. Many students take an elective class because it is something they are interested in and it is something we do not offer in the traditional brick and mortar setting.

Additionally, online learning is utilized to support credit recovery. Currently, there are another 165 users across the district using GradPoint which is the online program the Virtual Academy oversees to recover their credits. By the end of the 2014-2015 school year there will be over 200 courses attempted. Over 400 students this year alone have taken advantage of online learning. The WCSD Virtual Academy continues to grow and is changing the face of education today.

Special Education

Special Education: As required by law, the district will continue to provide a free and appropriate education to students with disabilities. Both the Youngsville Elementary Middle School and the Youngsville High School will fully implement School Wide Positive Behavior Support which is a framework that changes school and community culture. The Autistic and Emotional Support Programs will be staffed for the 2015 - 2016 school year at the level they were staffed during the 2014 - 2015 school year.

Technology

The 2015 - 2016 budget will continue to support the Citrix environment in the district, which provides 24/7 access to files and applications for students and staff. Broadband Internet and network speeds will be maintained as well. Improvements from the Technology 7 Year Plan are being planned at this time, and installation will take place throughout the 2015-2016 school year.

Athletics

This budget provides \$677,053 to support athletic opportunities for the 2015-2016 school year. The total is distributed among the schools based on participation numbers from the prior year. This amount is used toward salaries, game fees, and some transportation. Communities will once again need to support the athletic teams at the schools in a manner similar to what has been done the past few years to help offset costs associated with supplies, uniforms, transportation, dues/fees, and game fees.

K-12 Co-curricular Offerings

The District will continue to offer co-curricular offerings comparable to prior years in the 2015-2016 school year. Funding for co-curricular activities is primarily used for salary which pays for an adviser for each program. There is approximately \$48,743 budgeted in the 2015-2016 budget for supplemental contracts for co-curricular offerings.

Buildings and Grounds

The 2015-2016 school budget continues to provide for custodial, and continued planned maintenance, utilities, and grounds upkeep for each school plant in the Warren County School District.

Contingency Funding

The 2015-2016 budget has a contingency fund in the amount of \$450,000 set up to cover the cost of any unresolved staff needs, fuel/transportation and board goals.

Food Services

The Nutrition Group's contract will be renewed for the 2015-2016 school year with a projected loss of \$35,000. Nutrition continues to monitor the food services program and seeks to achieve a break even financial position in the future while providing a high quality food service program to students.

Transportation

The District will continue to contract for student transportation that is safe, reliable, efficient, and cost effective. The district transports students over 11,000 miles per school day, or 1.9 million miles annually. Transportation contract rates will increase by .8% for the 2015-2016 school year in correspondence with PDE cost index.

The following additional items are being included in the 2015-2016 budget. Should the Governor not come through with the approx. \$2.4m of proposed funding increase for the WCSD, the WCSD will use uncommitted fund balance or look to make adjustments to the add/restoration plan.

Transition Classroom

The District will add a secondary transition classroom at Youngsville High School to better meet the needs of at risk students.

Elementary Interventions

The District will reinstate staff and supports to elementary classrooms that have been cut in recent budgets. These supports will include a combination of professional staff, support staff, tutoring, and curriculum tools and resources to address student needs.

Additional Staff

The district will be able to restore staff resources:

- 2 Teacher Coaches
- 1 Secretary
- 1 Custodian
- 1 Alternative Education Aide
- Support Staff Substitutes
- 1 Guidance Counselor
- Joplin Teachers - TBD
- Aides - TBD
- Tutors - TBD

Resource Officer

The 2015-2016 budget provides the dollars to pilot a resource officer in the district. Administration intends to maximize available grant resources to offset these costs.

Increases in Support Staff Substitutes

The 2015-2016 budget provides an additional \$85,000 to fill support staff vacancies.

First Aid Certification for Students

The 2015-2016 budget provides the dollars necessary to train and certify appropriate staff and students in first aid.

Initial Phase of 5 Year Technology Plan

The 2015-2016 budget supports technology improvements and replacements as a part of the proposed 5 year technology plan. This includes replacement of the server farm, wireless coverage, and addition or replacement of technology.

Initial Phase of 7 Year Textbook Plan

The 2015-2016 budget supports the purchase of new textbooks as a part of the 7 year textbook plan.

Initial Phase of 7 Year Buildings & Grounds Plan

The 2015-2016 budget supports the 7 year buildings & grounds plan.

Unique Need Tuition

The 2015-2016 budget includes an additional \$50,000 for unique need tuition. This will allow the district to provide reimbursement to teachers for coursework in areas that the district deems necessary.

PSAT Testing

The 2015-2016 budget includes \$4,000 to provide the PSAT to each student in ninth grade.

Cafeteria Tables

The 2015-2016 budget includes \$40,000 to replace old cafeteria tables.

After School Bus Runs

The 2015-2016 budget includes \$35,694 to cover the post-reimbursement cost of running late buses in each of the four attendance areas. This cost is net of reimbursement that will be received during the 2016-2017 school year.
